INDEPENDENT AUDITOR'S REPORT

To the Commissioners of the
Trimble County Water District #1
Bedford, Kentucky 40006

Report on the Financial Statements

We have audited the accompanying financial statements of Trimble County Water District #1 as of and for the years ended December 31, 2015 and 2014, and the related notes to the financial statements, which collectively comprise the Trimble County Water District #1's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Trimble County Water District #1, as of December 31, 2015 and 2014, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Schedule of the District's Proportionate Share of the Net Pension Liability – County Employees Retirement System on page 21, and the Schedule of District Contributions – County Employees Retirement System on page 22 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 22, 2016, on our consideration of the Trimble County Water District #1's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Trimble County Water District #1's internal control over financial reporting and compliance.

SCHEDULE OF NONCASH INVESTING, CAPITAL, AND FINANCING ACTIVITIES

At December 31, 2015, Trimble County Water District #1 had no outstanding obligations associated with capital improvements.

At December 31, 2014, Trimble County Water District #1 had outstanding obligations for capital asset acquisitions (included in accounts payable - construction and retainage payable) of \$16,105.

TRIMBLE COUNTY WATER DISTRICT #1
NOTES TO BASIC FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 – DESCRIPTION OF ENTITY AND SIGNIFICANT ACCOUNTING POLICIES

Description of entity: Trimble County Water District #1 is a rural water company serving approximately 1,400 customers in Trimble County, Kentucky, and is regulated by the Public Service Commission of the Commonwealth of Kentucky. The water district was formed under the laws of the above-mentioned county through its Fiscal Court and began operations in March, 1956.

In evaluating how to define Trimble County Water District #1 for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GAAP. The basic -- but not the only -- criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations and accountability for fiscal matters. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the District is able to exercise oversight responsibilities. Based upon the application of these criteria, the District has no component units.

A summary of the District's significant accounting policies follows:

Basis of presentation and accounting: As stated in Kentucky Revised Statutes (KRS) 278.015, "any water district shall be a public utility and shall be subject to the jurisdiction of the Public Service Commission." In KRS 278.220, it is outlined that the Public Service Commission may establish a system of accounts to be kept by the utilities subject to its jurisdiction, and may prescribe the manner in which such accounts shall be kept. The financial statements of the District are prepared in accordance with generally accepted accounting principles (GAAP). The District applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

All activities of the District are accounted for within a single proprietary (enterprise) fund. Proprietary funds are used to account for operations that are (a) financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

The accounting and financial reporting treatment applied to the District is determined by its measurement focus. The transactions of the District are accounted for on a flow of economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. With this measurement focus, all assets and all liabilities associated with the operations are included on the statement of net position. Net position (i.e., total assets plus deferred outflows of resources net of total liabilities and deferred inflows of resources) is segregated into net investment in capital assets, restricted; and unrestricted components.

Revenues and expenses: Operating revenues and expenses consist of those revenues and expenses that result from the ongoing principal operations of the District. Operating revenues consist primarily of charges for services. Non-operating revenues and expenses consist of those revenues and expenses that are related to financing and investing types of activities and result from nonexchange transactions or ancillary activities.

The District adheres to the use restrictions established by Bond Agreements when expenses are incurred for which both restricted and unrestricted net position is available. The District has no policy defining which resources (restricted or unrestricted) to use first.

Debt Issuance Costs: Debt issuance costs are expensed as incurred.

TRIMBLE COUNTY WATER DISTRICT #1
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
December 31, 2015 and 2014

NOTE 1 – DESCRIPTION OF ENTITY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property and equipment: Property and equipment purchased or constructed is stated at cost. Interest related to costs, and major improvements, renewals and replacements is capitalized as a cost of the project. Costs associated with hook-up fees are capitalized as meters, installations and services. Depreciation is computed on the straight-line basis over the estimated useful lives of the related assets. The range of estimated useful lives by type of asset is as follows:

- Structures & Improvements	15-40 years
- Distribution System	33 years
- Wells	33 years
- Machinery & Equipment	5-33 years

Inventory: Inventories are stated at latest cost.

Compensated absences: See Note 9 for the District's policy on vacation and sick pay.

Pensions: For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Commonwealth of Kentucky's County Employees' Retirement System (CERS), and additions to/deductions from CERS fiduciary net position have been determined on the same basis as they are reported by CERS.

Deferred Outflows of Resources and Deferred Inflows of Resources:

Deferred outflows of resources and deferred inflows of resources are not assets or liabilities; revenues or expenses. Rather, they represent resources or the use of resources related to future periods.

Income taxes: Trimble County Water District #1 is not subject to income taxes.

Contributed capital: Under the Governmental Accounting Standards Board's (GASB) Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, the District recognizes capital contributions as revenues, in the statement of revenues, expenses and changes in fund net position. Tap on fees of \$9,450 and \$9,330 were received by the District for the years ended December 31, 2015 and 2014, respectively. Build America Bond interest reimbursement of \$3,476 was received by the District during the year ended December 31, 2015. No Build America Bond interest reimbursement was received during the year ended December 31, 2014.

Net position: Net position comprises the various net earnings from operating and non-operating revenues, expenses, and contributions of capital. Net position is classified in the following three components: net investment in capital assets, restricted, and unrestricted net position. Net investment in capital assets consists of all capital assets, net of accumulated depreciation and reduced by outstanding debt that is attributable to the acquisition, construction and improvement of those assets; debt related to unspent proceeds or other restricted cash and investments is excluded from the determination. Restricted net position consists of net position for which constraints are placed thereon by external parties, such as lenders, grantors, contributors, laws, regulations and enabling legislation, including self-imposed legal mandates. Unrestricted net position consists of all other net position not included in the above categories.

Estimates: The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Statement of Cash Flows: For the purpose of the Statement of Cash Flows, Trimble County Water District #1 considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

TRIMBLE COUNTY WATER DISTRICT #1
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
December 31, 2015 and 2014

NOTE 2 – DEBT RESTRICTIONS AND COVENANTS

The Bond and Interest Sinking Account was established with the original RECD bond issue. Under the bond resolution which established this account, it was provided that a minimum balance be maintained in this account as security to the bondholders. In order to attain the minimum balance, the monthly transfer to be made into the account for the 2009 and 2010 Bond Issues is as follows:

$$\begin{array}{rcl}
 & \text{one sixth (1/6) of the next semiannual interest payment} & \\
 + & \text{one twelfth (1/12) of the next annual principal payment} & \\
 = & \text{monthly transfer} &
 \end{array}$$

Transfers sufficient to meet the annual obligation outstanding on the issues were made timely during the years ended December 31, 2015 and 2014.

Upon the issuance of the original 1992 Rural Development bonds, a Depreciation Account was established to provide funds for extraordinary repairs and extensions to the system and/or make up any deficiency in the Bond and Interest Sinking Account. After monthly deposits are made into the Bond and Interest Account, monthly transfers are required to be made to the Depreciation Account. Subsequent issues ratified the requirements set forth in the 1992 issue. Under it and subsequent issues, the following transfers were established and continue in effect:

Under the original 1992 issue a monthly transfer of \$315 was required until \$37,800 was accumulated in the account. Under the 2000 issue, an additional monthly transfer of \$275 was required until all the then outstanding bonds were retired [all of those issues have been retired]. Under the 2009 issue, an additional monthly transfer of \$570 was required until \$68,400 was accumulated in the account. At year end the account was fully funded.

NOTE 3 – CASH AND INVESTMENTS

KRS 66.480 authorizes the District to invest in obligations of the United States and its agencies and instrumentalities, including repurchase agreements, through sources including national and state banks chartered in Kentucky, obligations and contracts for future delivery backed by the full faith of the United States or its Agency, certificates of deposit and interest bearing accounts in institutions insured by the Federal Depository Insurance Corporation and other investments described therein provided that approved securities are pledged to secure those funds on deposit in an amount equal to the amount of those funds. The District may also invest in mutual funds meeting the requirements of the statute.

Custodial Credit Risk for deposits is the risk that in the event of a bank failure, the District's deposits may not be returned to it. As of December 31, 2015 and 2014, in accordance with the District's policy, \$418,702 and \$403,428 respectively, of the District's deposits were covered by federal depository insurance and \$86,216 and \$68,657 respectively, were collateralized by securities held by the pledging financial institution's agent in the District's name. At December 31, 2015, \$13,087 of the District's deposits were unsecured and uncollateralized. At December 31, 2014, the District had no deposits that were exposed to custodial credit risk.

At December 31, 2015 and 2014, the District's deposits were as follows:

December 31, 2015

Type of Deposits	Total Bank Balance	Total Carrying Value
Demand Deposits	\$ -	\$ -
Time/Savings Deposits	518,005	492,275
Total Deposits	<u>\$ 518,005</u>	<u>\$ 492,275</u>

December 31, 2014

Type of Deposits	Total Bank Balance	Total Carrying Value
Demand Deposits	\$ -	\$ -
Time/Savings Deposits	472,085	432,712
Total Deposits	<u>\$ 472,085</u>	<u>\$ 432,712</u>

TRIMBLE COUNTY WATER DISTRICT #1
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
December 31, 2015 and 2014

NOTE 3 – CASH AND INVESTMENTS (Continued)

Reconciliation to Statement of Net Position:

	December 31, 2015	December 31, 2014
Unrestricted Cash	\$ 190,278	\$ 148,947
Restricted Cash, Including Time Deposits	302,592	284,360
Less: Cash on Hand	(595)	(595)
	<u>\$ 492,275</u>	<u>\$ 432,712</u>

NOTE 4 – RESTRICTED ASSETS

Restricted assets consist of the following:

	December 31, 2015	December 31, 2014
Cash, Including Time Deposits	\$ 145,073	\$ 129,455
Bond and Interest Sinking Account	113,625	111,279
Depreciation Account	43,894	43,626
Customer Deposits	<u>\$ 302,592</u>	<u>\$ 284,360</u>
Total Restricted Cash, Including Time Deposits		
Interest Receivable	<u>\$ 40</u>	<u>\$ 40</u>

NOTE 5 – CUSTOMER DEPOSITS/ESCROW

Customer deposits are collected upon installation of water service. This amount is to be refunded to the customer upon discontinuation of service (after the customer's bill has been paid in full). Deposits received from customers are held in an interest bearing account (which is included in the financial statements as restricted cash). Records are maintained which detail the accrued interest on each customer's deposit based on the current annual rate. Accrued interest is paid annually and when the deposit is refunded.

NOTE 6 – CAPITAL ASSETS

Capital asset activity for the years ended December 31, 2015 and 2014, was as follows:

	Balance at January 1, 2015	Additions	Disposals	Balance at December 31, 2015
Land & Land Rights	\$ 23,957	\$ -	\$ -	\$ 23,957
Structures & Improvements	543,325	-	-	543,325
Distribution System	5,105,715	145,061	-	5,250,776
Wells	144,976	-	-	144,976
Machinery & Equipment	1,277,675	-	-	1,277,675
Construction in Process	88,695	-	88,695	-
Totals at Historical Cost	<u>\$ 7,184,343</u>	<u>\$ 145,061</u>	<u>\$ 88,695</u>	<u>\$ 7,240,709</u>
Less: Accumulated Depreciation

Included under the District's Plant Assets at December 31, 2015 and 2014, was \$1,357,976 and \$1,334,359 of fully depreciated assets, respectively. Land and land rights and construction in process are capital assets not being depreciated.

Depreciation expense aggregated \$194,400 and \$182,310 in 2015 and 2014, respectively.

NOTE 7 – CUSTOMER ACCOUNTS RECEIVABLE

Customer Accounts Receivable has been netted with an Allowance for Bad Debts of \$11,126 and \$5,381 at December 31, 2015 and 2014, respectively. The amount provided for bad debts represents the portion of the total amounts for which collection is unlikely, based on historical collection data.

NOTE 8 – LONG-TERM DEBT

As of December 31, 2015 and 2014, long-term debt payable consisted of the following:

Bonds Payable:

	December 31, 2015	December 31, 2014
RECD Revenue Bonds of 2009, original issue amount of \$931,000, secured by water revenues. Interest is charged at the rate of 4.25% per annum. Final maturity is July 1, 2047.	\$ 862,700	\$ 875,300
RECD Revenue Bonds of 2010 (Build America Bonds – Direct Payment), original issue amount of \$301,000 secured by water revenues. Interest is charged at the rate of 3.75% per annum. Final maturity is July 1, 2048.	282,500	286,500
Total Bonds Payable	<u>\$ 1,145,200</u>	<u>\$ 1,161,800</u>
Current Portion	\$ 17,200	\$ 16,600
Noncurrent Portion	1,128,000	1,145,200
Total Bonds Payable	<u>\$ 1,145,200</u>	<u>\$ 1,161,800</u>

NOTE 8 – LONG-TERM DEBT (Continued)

	<u>December 31, 2015</u>	<u>December 31, 2014</u>
Note Payable:		
The Farmers Bank of Milton fixed rate mortgage agreement dated October 31, 2013. Original issue amount of \$804,000. Interest is charged at the rate of 4.05% per annum, secured by a real estate mortgage on properties at 34 East Morgan Drive, Bedford, Kentucky and 610 Highway 421N, Bedford, Kentucky. Annual payments of \$51,738. Final maturity is October 31, 2038.	\$ 762,053	\$ 782,951
Current Portion	\$ 20,761	\$ 19,953
Noncurrent Portion	741,292	762,998
Total Note Payable	<u>\$ 762,053</u>	<u>\$ 782,951</u>
Accrued Compensated Absences:		
Current Accrued Compensated Absences (All Current)	<u>\$ 4,778</u>	<u>\$ 2,200</u>

Revenue Bonds of 2009 – RECD

At original issue, \$931,000 of RECD bonds were outstanding at the interest rate of 4.25% per annum with maturity dates ranging from 2010-2047. On December 31, 2015, \$862,700 of bonds were outstanding on this issue. On December 31, 2014, \$875,300 of bonds were outstanding on this issue.

Revenue Bonds of 2010 – Build America Bonds – RECD U.S. Department of Agriculture

On October 21, 2010, Trimble County Water District #1 issued \$301,000 taxable Waterworks Revenue Bonds, Series 2010 with an interest rate of 3.75%. The proceeds were used to finance the water main steam crossing replacement project which began in 2010. The first interest payment was due January 1, 2011. The first principal payment was due July 1, 2011. The final payment will be due July 1, 2048. These bonds are taxable Build America Bonds. As such, the District will receive annual federal credit payments toward the debt service of approximately 35% of each interest payment due. The credit will amount to \$94,277 over the life of the issue. On December 31, 2015, \$282,500 of bonds were outstanding on this issue. On December 31, 2014, \$286,500 of bonds were outstanding on this issue.

Note Payable – The Farmers Bank of Milton

On October 31, 2013, Trimble County Water District #1 entered into a note payable agreement with The Farmers Bank of Milton with an interest rate of 4.05% to refinance a portion of its outstanding debt through an advance refunding of the following RECD revenue bond issues outstanding: Series 1992, \$321,320; Series 1997, \$49,400; and Series 2000, \$477,600. The 1992 Series was originally issued at 5.625%. The 1997 Series and 2000 Series were originally issued at 5.00%. The refunded bonds were redeemed on October 31, 2013 at a price equal to the principal amount of the refunded bonds outstanding and accrued interest at that date, by the issuance of the above note and payment from District funds of \$61,582. Debt Issuance costs of \$1,912 were incurred.

As a result of the advance refunding, the District reduced its total debt service requirements by \$114,068, which resulted in an economic gain (difference between the present value of the debt service payments on the old and new debts) of \$83,797. Final maturity on the note is October 31, 2038.

	<u>\$ 1,161,800</u>	<u>\$ 898,264</u>	<u>\$ 79,957</u>	<u>\$ 782,951</u>	<u>\$ 456,887</u>	<u>\$ 3,379,859</u>

NOTE 9 – COMPENSATED ABSENCES

Vacation and sick pay are considered an expense in the year incurred. Vacation leave may be accumulated and carried forward from one calendar year to the next, not to exceed 240 hours. Upon termination, the employee is compensated for any accrued but unused vacation. At December 31, 2015, a liability for accrued vacation was recorded in the amount of \$4,778. At December 31, 2014, a liability for accrued vacation was recorded in the amount of \$2,200. Full time employees accumulate three (3) sick days per year. Sick leave may not be accumulated indefinitely. The maximum carryover of sick leave from (1) one year to the next shall not exceed (6) six days. Upon termination, no portion of accrued and unused sick leave is payable. At December 31, 2015 the District had an unrecorded sick pay liability to its employees of \$1,551. At December 31, 2014, there was no outstanding sick leave liability. The estimated liabilities include required salary related payments.

NOTE 10 – FUND EQUITY- RESTRICTED NET POSITION

Restricted for Debt Service:

RECD Revenue Bonds of 2009 & 2010

Cash	\$ 258,698	\$ 240,734
Add: Accrued Interest Receivable	40	40
Less: Accrued Interest Payable	-	-
Total Restricted for Debt Service	<u>\$ 258,738</u>	<u>\$ 240,774</u>

NOTE 11 – BAD DEBT EXPENSE

At December 31, 2015 and 2014, water revenue charges have been netted with an estimated bad debt expense of \$5,746 and \$1,293, respectively.

NOTE 12 – INTEREST EXPENSE

Interest expense incurred for the years ended December 31, 2015 and 2014 was \$79,120 and \$80,665, respectively. No interest expense was capitalized in 2015 or 2014.

NOTE 13 – WHOLESALE WATER RATES

Trimble County Water District #1 supplies water for resale to the West Carroll Water District. The wholesale rate charged to West Carroll Water District is as follows: \$205.50 minimum for the first 50,000 gallons plus an additional \$3.60 per 1,000 gallons over the first 50,000 gallons. These rates became effective with the January, 2009 billing. There is no minimum purchase amount.

TRIMBLE COUNTY WATER DISTRICT #1
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
December 31, 2015 and 2014

NOTE 14 – INSURANCE AND RELATED ACTIVITIES

The District is exposed to various forms of loss of assets associated with the risks of fire, personal liability, theft, vehicular accidents, errors and omissions, fiduciary responsibility, etc. and is also subject to the risks associated with employee injury. Each of these risks is covered through the purchase of commercial insurance.

NOTE 15 – PENSION PLANS

Defined Benefit Plans:

County Employees' Retirement System – Non-Hazardous Employees Pension Plan

Effective April 1, 2015, entry into the Commonwealth of Kentucky's County Employees' Retirement System (CERS) was authorized by the Commissioners. Electing employees and all new employees of the District may participate in the System.

Under the provision of Kentucky Revised Statute ("KRS") Section 61.645, the Board of Trustees of the Kentucky Retirement System administers CERS and has the authority to establish and amend benefit provisions. The Kentucky Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for CERS. The most recent financial report, dated June 30, 2015, may be obtained from <https://kyret.ky.gov/Financial%20Statements/2015/Financial.pdf>. Additionally, the Kentucky Retirement System issues a publically available financial report that includes the Schedules of Employer Allocations and Pension amounts by Employer. The most recent report, dated June 30, 2015 may be obtained from <https://kyret.ky.gov/employers/GASB/pages/GASB-library.aspx>.

Plan Description – CERS is a cost-sharing multiple-employer defined benefit pension plan that covers all regular full-time members employed in non-hazardous duty positions of each participating county, city, and school board, and any additional eligible local agencies electing to participate in CERS. The plan provides for retirement, disability, and death benefits to plan members. Retirement benefits may be extended to beneficiaries of plan members under certain circumstances. Prior to July 1, 2009, COLAs were provided annually equal to the percentage increase in the annual average of the consumer price index for all urban consumers for the most recent calendar year, not to exceed 5% in any plan year. Effective July 1, 2009, and on July 1 of each year thereafter, the COLA is limited to 1.5% provided the recipient has been receiving a benefit for at least 12 months prior to the effective date of the COLA. If the recipient has been receiving a benefit for less than 12 months prior to the effective date of the COLA, the increase shall be reduced on a pro-rata basis for each month the recipient has not been receiving benefits in the 12 months preceding the effective date of the COLA. The Kentucky General Assembly reserves the right to suspend or reduce the COLA if, in its judgment, the welfare of the Commonwealth so demands. No COLA has been granted since July 1, 2011.

Basis of Accounting – CERS's financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which contributions are due. Employer contributions to the plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with terms of the plan. Premium payments are recognized when due and payable in accordance with the terms of the plan. Administrative and investment expenses are recognized when incurred.

Method Used to Value Investments – Investments of the plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Short-term investments are reported at cost, which approximates fair value.

Benefits provided – CERS provides retirement, health insurance, death and disability benefits to Plan employees and beneficiaries. Employees are vested in the plan after five years' service. For retirement purposes, employees are grouped into three tiers, based on hire date:

Tier 1	Participation date	Before September 1, 2008
	Unreduced retirement	27 years service or 65 years old
	Reduced retirement	At least 5 years service and 55 years old

TRIMBLE COUNTY WATER DISTRICT #1
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
December 31, 2015 and 2014

NOTE 15 – PENSION PLANS (Continued)

Defined Benefit Plans: (Continued)

County Employees' Retirement System – Non-Hazardous Employees Pension Plan (Continued)

Tier 2	Participation date	September 1, 2008 – December 31, 2013
	Unreduced retirement	At least 5 years service and 65 years old Or age 57+ and sum of service years plus age equal 87
	Reduced retirement	At least 10 years service and 60 years old
Tier 3	Participation date	After December 31, 2013
	Unreduced retirement	At least 5 years service and 65 years old Or age 57+ and sum of service years plus age equal 87
	Reduced retirement	Not available

Retirement is based on a factor of the number of years' service and hire date multiplied by the average of the highest five years' earnings. Reduced benefits are based on factors of both of these components. Participating employees become eligible to receive the health insurance benefit after at least 180 months of service. Death benefits are provided for both death after retirement and death prior to retirement. Death benefits after retirement are \$5,000 in lump sum. Five years' service is required for death benefits prior to retirement and the employee must have suffered a duty-related death. The decedent's beneficiary will receive the higher of the normal death benefit and \$10,000 plus 25% of the decedent's monthly final rate of pay and any dependent child will receive 10% of the decedent's monthly final rate of pay up to 40% for all dependent children. Five years' service is required for nonservice-related disability benefits.

Contributions - For the fiscal years ended June 30, 2015 and 2014, plan members who began participating prior to September 1, 2008, were required to contribute 5% of their annual creditable compensation. These members were classified in the Tier 1 structure of benefits. Participating employers were required to contribute at an actuarially determined rate. Per Kentucky Revised Statute Section 78.545(33), normal contribution and past service contribution rates shall be determined by the Board on the basis of an annual valuation last preceding the July 1 of a new biennium. The Board may amend contribution rates as of the first day of July of the second year of a biennium, if it is determined on the basis of a subsequent actuarial valuation that amended contribution rates are necessary to satisfy requirements determined in accordance with actuarial bases adopted by the Board. For the fiscal years ended June 30, 2015 and 2014, participating employers contributed 17.67% and 18.89%, respectively, of each employer's creditable compensation. The actuarially determined rates set by the Board for the fiscal years ended June 30, 2015 and 2014, were 17.67% and 18.89%, respectively. Administrative costs of KRS are financed through employer contributions and investment earnings.

Plan members who began participating on, or after, September 1, 2008, were required to contribute a total of 6% of their annual creditable compensation. These members were classified in the Tier 2 structure of benefits. Five percent of the contribution was deposited to the member's account while the 1% was deposited to an account created for the payment of health insurance benefits under 26 USC Section 401(h) in the Pension Fund (see Kentucky Administrative Regulation 105 KAR 1:420E). Interest is paid each June 30 on members' accounts at a rate of 2.5%. If a member terminates employment and applies to take a refund, the member is entitled to a full refund of contributions and interest; however, the 1% contribution to the 401(h) account is non-refundable and is forfeited.

Plan members who began participating on, or after, January 1, 2014, were required to contribute to the Cash Balance Plan. These members were classified in the Tier 3 structure of benefits. The Cash Balance Plan is known as a hybrid plan because it has characteristics of both a defined benefit plan and a defined contribution plan. Members in the plan contribute a set percentage of their salary each month to their own account. Non-hazardous members contribute 5% of their annual creditable compensation and 1% to the health insurance fund which is not credited to the member's account and is not refundable. The employer contribution rate is set annually by the Board based on an actuarial valuation. The employer contributes a set percentage of the member's salary. Each month, when employer contributions are received, an employer pay credit is deposited to the member's account. For non-hazardous members, their account is credited with a 4% employer pay credit. The employer pay credit represents a portion of the employer contribution.

TRIMBLE COUNTY WATER DISTRICT #1
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
December 31, 2015 and 2014

NOTE 15 – PENSION PLANS (Continued)

Actuarial Methods and Assumptions

The actuarially determined contribution rates are determined on a biennial basis beginning with the fiscal years ended 2016 and 2017, determined as of June 30, 2015. The amortization period of the unfunded liability has been reset as of July 1, 2013 to a closed 30 year period. The following actuarial methods and assumptions were used to determine contribution rates reported for all KRS Systems:

Actuarial Cost Method	Entry Age
Amortization Method	Level of Percentage of Payroll, closed
Remaining Amortization Period	28 years
Asset Valuation Method	5 year Smoothed Market
Inflation	3.25%
Salary Increase	4%, average, including Inflation
Investment Rate of Return	7.5%, Net of Pension Plan Investment Expense, including Inflation

There were no changes of benefit terms. However, the following changes in assumptions were adopted by the Board of Trustees and reflected in the valuation performed as of June 30, 2015:

- The assumed investment rate of return was decreased from 7.75% to 7.5%.
- The assumed rate of inflation was reduced from 3.5% to 3.25%.
- The assumed rate of wage inflation was reduced from 1% to .75%.
- Payroll growth assumption was reduced from 4.5% to 4%.
- The mortality table used for active members is RP-2000 Combined Mortality Table projected with Scale BB to 2013 (multiplied by 50% for males and 30% for females).
- For healthy retired members and beneficiaries, the mortality table used is the RP-2000 Combined Mortality Table projected with Scale BB to 2013 (set back one year for females). For disabled members, the RP-2000 Combined Disabled Mortality Table projected with Scale BB to 2013 (set back four years for males) is used for the period after disability retirement. There is some margin in the current mortality tables for possible future improvement in mortality rates and that margin will be reviewed again when the next experience investigation is conducted.
- The assumed rates of retirement, withdrawal, and disability were updated to more accurately reflect experience.

The following table presents the net pension liability of CERS [as reported in its publicly available financial statements for the year ended June 30, 2015], calculated using the discount rate of 7.5%, as well as what CERS' net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.5%) or one percentage point higher (8.5%):

	1% Decrease [6.5%]	Current Discount [7.5%]	1% Increase [8.5%]
Net Pension Liability	\$ 5,488,878,000	\$ 4,299,525,565	\$ 3,280,950,000
District's Proportionate Share	107,637	84,334	64,339

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the County Employee Retirement System Pension

The District began participating in the County Employee Retirement system April 1, 2015. Therefore, there are no subject wages, contributions, or other disclosures relating to the year ended December 31, 2014. At December 31, 2015 the District reported a liability of \$84,334 for its proportionate share of the net pension liability. The net pension liability for CERS was measured as of June 30, 2015 and was based on the actual liability of the employees and former employees relative to the total liability of the system as determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2015 the District's proportion was 0.001961.

TRIMBLE COUNTY WATER DISTRICT #1
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
December 31, 2015 and 2014

NOTE 15 – PENSION PLAN (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the County Employee Retirement System Pension (Continued)

The District's total payroll for the fiscal year ended December 31, 2015 was \$234,147. Contributions to CERS were based on \$130,666 (eligible gross wages). The total employer contributions for the year ended December 31, 2015 were \$22,571.

All contributions were made as required.

The District's contribution for the County Employees' Retirement System's year ended December 31, 2015, was 0.001961 of the System's total contribution requirements for all employers.

For the year ended December 31, 2015, the District recognized pension expense related to CERS of \$31,642. At December 31, 2015 the District reported deferred outflows of resources related to CERS pensions from the following sources:

	<u>December 31, 2015</u>
	<u>Deferred Outflows of Resources</u>
Difference Between Expected and Actual Experience	\$ 701
Change in Assumptions	8,504
Changes in Proportion and Differences Between Employer Contributions and Proportionate Share of Contributions	50,587
Net Difference Between Projected and Actual Investment Earnings on Pension Plan Investments	756
District Contributions Made Subsequent to the NPL Measurement Date	14,484
Total	<u>\$ 75,032</u>

\$14,484 reported as deferred outflows of resources related to pensions arising from District contributions made subsequent to the measurement date will be recognized as a reduction in the net pension liability in the year ended December 31, 2016. Amounts reported as deferred outflows of resources due to the net difference between projected and actual investment earnings on pension plan investments will be amortized over five years and recognized in pension expense as follows:

Year Ended December 31, 2015:	<u>Deferred Outflows of Resources</u>
2016	\$ 151
2017	151
2018	151
2019	151
2020	152
	<u>\$ 756</u>

TRIMBLE COUNTY WATER DISTRICT #1

December 31, 2015 and 2014

NOTE 14 – PENSION PLAN (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the County Employee Retirement System Pension (Continued)

Amounts reported as deferred outflows of resources due to the difference between expected and actual experience, change of assumptions, and changes in proportion and differences between employer contributions and proportionate share of contributions will be amortized over the expected remaining service lives of all employees that are provided with pensions through the pension plan (twelve years) and recognized in pension expense as follows:

Year Ended December 31, 2015:		Deferred Outflows of Resources
	2016	\$ 4,983
	2017	4,983
	2018	4,983
	2019	4,983
	2020	4,983
	2021-2025	24,915
	2026-2028	9,962
		<u>\$ 59,792</u>

Defined Contribution Plans:

Kentucky Public Employees Deferred Compensation Plan

In December, 2008, the District adopted a 401(K) Deferred Compensation Plan through Kentucky Public Employees' Deferred Compensation Authority. Under the plan the District agreed to provide contributions on behalf of each participant based on a discretionary percentage of the participant's compensation. For 2014, the District contributed 3% of eligible participants' compensation or \$5,481. The plan members contributed a total of \$5,359 for 2014. Effective January 1, 2015, the Kentucky Deferred Compensation Plan no longer accepted employer contributions.

Governmental 401(a) Plan

For those employees choosing to reject participation in the Kentucky Retirement System (CERS), the District has adopted a 401(a) program with Nationwide Financial Services, Inc. Under the plan, the District will contribute five percent (5%) of the participant's eligible compensation. Employees may contribute up to Internal Revenue Service statutory limits per year. Employees are vested immediately in their account including employer contributions. 2015 contributions to the 401(a) plan were based on \$35,792 (eligible gross wages). The District contributed \$1,790 to the plan during the year ending December 31, 2015.

NOTE 16 – ECONOMIC DEPENDENCY

Trimble County Water District No. 1 provides water services to residential, commercial and industrial customers. It should be noted that 4.30% and 4.45% of total charges for services was received from Louisville Gas & Electric Company for the years ended December 31, 2015 and 2014, respectively.

NOTE 17 – COMMITMENTS, CONTINGENCIES AND SUBSEQUENT EVENTS

A June, 2011 claim was made by Sisler-Maggard Engineering, PLLC for unpaid fees associated with Kings Ridge Water Tank and for Stream Crossings in the amount of approximately \$54,000. The District contested the validity of the claim. In January, 2014, a settlement in mediation was reached between the parties under which the District paid \$5,000 to the engineering firm.

TRIMBLE COUNTY WATER DISTRICT #1
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)
December 31, 2015 and 2014

NOTE 17 – COMMITMENTS, CONTINGENCIES AND SUBSEQUENT EVENTS (Continued)

The District constructed a line replacement on Hughes Lane. The cost of the project was \$88,507. Materials purchased for the project were included in construction in process at December 31, 2014. Kentucky Engineering Group, PLLC was the engineering firm for the project. At December 31, 2014, the project was substantially complete. \$15,000 in retainage payable and \$1,105 in accounts payable – construction were included as liabilities in the financial statements as of that date. The line was put in service in 2015.

During the year ended December 31, 2014, the District completed the construction of a line improvement project on Lehue Road. The total cost of the project was \$38,167.

The District is planning a multi-faceted project that will include cleaning and repair of storage facilities as well as other needs of the District with anticipated funding from Rural Development for approximately \$1,250,000. The District anticipates a rate increase to service the debt.

NOTE 18 – RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

In June 2015, the GASB issued Statement No. 76, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, effective for fiscal years beginning after June 15, 2017. This statement requires the liability of employers to employees for defined benefit OPEB (net OPEB liability) to be measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees that is attributed to those employees' past periods of service (total OPEB liability), less the amount of the OPEB plan's fiduciary net position. The District is evaluating the requirements of this statement.

In June 2015, the GASB issued Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The objective of this Statement is to identify (in the context of the current governmental financial reporting environment) the hierarchy of GAAP. The GAAP hierarchy consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with GAAP and the framework for selecting those principles. This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction of other event is not specified within a source of authoritative GAAP. This Statement becomes effective for the fiscal year beginning July 1, 2015. The District is evaluating the requirements of this Statement.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Commissioners of the
Trimble County Water District #1
Bedford, KY 40006

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Trimble County Water District #1 as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise Trimble County Water District #1's basic financial statements and have issued our report thereon dated June 22, 2016.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered Trimble County Water District #1's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Trimble County Water District #1's internal control. Accordingly, we do not express an opinion on the effectiveness of Trimble County Water District #1's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses that we consider to be material weaknesses (Items 2015-001 and 2015-002).

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether Trimble County Water District #1's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

TRIMBLE COUNTY WATER DISTRICT #1'S RESPONSE TO FINDINGS

Trimble County Water District #1's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. Trimble County Water District #1's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**TRIMBLE COUNTY WATER DISTRICT #1
SCHEDULE OF FINDINGS AND RESPONSES
December 31, 2015**

A. SUMMARY OF AUDITOR'S RESULTS

1. The auditor's report expresses an unmodified opinion on whether the financial statements of Trimble County Water District #1 were prepared in accordance with GAAP.
2. Two deficiencies in internal control related to the audit of the financial statements are reported in the Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*. Items 2015-001 and 2015-002 were reported as material weaknesses.
3. No instances of noncompliance material to the financial statements of Trimble County Water District #1, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.

B. FINDINGS - FINANCIAL STATEMENTS AUDIT

GOVERNMENT AUDITING STANDARDS

DEFICIENCIES IN INTERNAL CONTROL

2015-001 SIZE OF ENTITY, CROSS-TRAINING AND CHECKING PROCEDURES

CONDITION:

Due to the size of the entity, cross-training and checking procedures are not in place for certain administrative functions. This limits internal control. This condition was also cited as a material weakness in the schedule of findings and responses for the year ended December 31, 2014 as Item 2014-001.

CRITERIA:

Internal controls should be in place to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and allow timely preparation of financial data consistent with management assertions.

CAUSE:

Responsibilities associated with individual positions limit the availability of individuals to rotate duties and implement checking procedures.

EFFECT:

This limitation may affect the ability to timely record, process, summarize and report financial data.

RECOMMENDATION:

Management should strive to provide cross-training for administrative staff and implement checking processes.

RESPONSE:

We concur with the recommendation. Management believes adequate resources have been expended and control procedures implemented, that are commensurate with the staff size and responsibility of financial personnel.

**TRIMBLE COUNTY WATER DISTRICT #1
SCHEDULE OF FINDINGS AND RESPONSES (CONTINUED)
December 31, 2015**

B. FINDINGS - FINANCIAL STATEMENTS AUDIT (Continued)

GOVERNMENT AUDITING STANDARDS (Continued)

DEFICIENCIES IN INTERNAL CONTROL (Continued)

**2015-002 FAILURE TO PREPARE COMPLETE SET OF FINANCIAL STATEMENTS INCLUDING REQUIRED
NOTE DISCLOSURES**

CONDITION:

District financial statements, including the required disclosures, are prepared as part of the annual audit. This condition was also cited as a material weakness in the schedule of findings and responses for the year ended December 31, 2014 as 2014-002.

CRITERIA:

Internal controls should be in place to provide management with reasonable, but not absolute, assurance that financial statements and required notes are prepared in accordance with generally accepted accounting principles.

CAUSE:

The draft financial statements and disclosures are prepared during the audit process.

EFFECT:

Management engaged the auditor's assistance to prepare the draft of the financial statements, including the related notes to the financial statements. Management reviewed, approved, and accepted responsibility for the financial statements prior to their issuance.

RECOMMENDATION:

District management should continue to enhance its knowledge of reporting requirements in providing oversight of this service.

RESPONSE:

The outsourcing of this service is a result of management's cost benefit decision to avoid incurring internal resource costs. We concur with the recommendation and will continue to improve our overall accounting knowledge in performing our oversight responsibilities. We are aware of our responsibilities for the financial statements. We have reviewed and accepted the financial statements as presented.

To the Commissioners of the
Trimble County Water District #1
Bedford, Kentucky 40006

RURAL DEVELOPMENT COMPLIANCE LETTER

We have audited the financial statements of Trimble County Water District #1 as of and for the year ended December 31, 2015, and have issued our report thereon dated June 22, 2016. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

In planning and performing our audit of the financial statements of Trimble County Water District #1 for the year ended December 31, 2015, we considered its internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Trimble County Water District #1's internal control over financial reporting. After obtaining an understanding of the control environment and the flow of transactions through the accounting system, we did not rely on the system of internal accounting controls because of the size of the entity. Our review identified material weaknesses in the internal accounting control system as disclosed in the schedule of Findings and Responses.

The following information is presented as supplemental information in accordance with USDA Rural Development's requirements.

1. The accounting records of Trimble County Water District #1 appear adequate.
2. Control over fixed assets is adequate. A supply inventory has been taken.
3. USDA Rural Development loan agreements for the 2009 and 2010 issues require transfers to be made monthly to the Bond and Interest Sinking Account and Depreciation Account. All accounts are properly funded as of December 31, 2015.
4. The general accounting records were kept on forms and in the manner suggested by Rural Development.
5. All bank accounts were confirmed directly by the depository and reconciled to the cash balances as shown in these financial statements. The accounts are insured up to \$418,702 by the Federal Deposit Insurance Corporation. Securities with a market value of \$86,216 have been pledged to the Trimble County Water District #1. \$13,087 of the District's deposits were unsecured and uncollateralized at December 31, 2015.

6. Insurance coverage may be summarized as follows:

<u>General and Public Officials Liability</u>	\$	3,000,000	
<u>Vehicles & Equipment</u>	\$	1,000,000	Liability/Each Accident
<u>Property, Buildings, Tanks & Equipment</u>	\$	3,412,747	
<u>Surety Bond</u>	\$	200,000	
<u>Fidelity Bond</u>			
Officers	\$	25,000	
<u>Employee Dishonesty Bond</u>	\$	100,000	
<u>Workmen's Compensation</u>			
All employees			Statutory

7. Trimble County Water District #1 is a governmental unit and thus exempt from income taxes.

8. Accounts receivable as of December 31, 2015, may be aged as follows.

<u>Total Accounts Receivable</u>	<u>1-30 Days</u>	<u>31-60 Days</u>	<u>Over 60</u>
\$ 88,783	\$ 76,342	\$ 1,315	\$ 11,126

<u>Total Accounts Receivable</u>	<u>Allowance for Uncollectibles</u>	<u>Net Accounts Receivable</u>
\$ 88,783	\$ 11,126	\$ 77,657

Respectfully submitted,

Raisor, Zapp & Woods, PSC
